VIA : Deputy Director (Plans)

SUBJECT : Investigation of Sensitive Material produced by
the [REDACTED]

REFERENCE : TS Memo No. [REDACTED] from Chief, DD/P [REDACTED]

Purchase of Sensitive Material from the
[REDACTED]

1. Attached herewith is a report of the trip to [REDACTED] taken
by [REDACTED] and [REDACTED] of [REDACTED] between 7 and 18
December 1953. In brief, the report states that

(a) The report that the [REDACTED] held a stock
of 10 kilograms of the material is denied by company
officials.

(b) They state that to date they have produced approxi-
mately 40 grams of this material in all, and that of the last
batch of 20 grams, 10 were shipped to the U. S. and 10 re-
main in stock.

(c) Small amounts of the material are being supplied in
solution to one psychiatrist, [REDACTED]. No other deliveries
are being made to countries behind the Iron Curtain, and
[REDACTED] does not believe the material is being, or could be,
produced behind the Iron Curtain today.

(d) [REDACTED] will continue to maintain a small stock for
free distribution to qualified users. This will allow [REDACTED]
to follow all experimental work and will discourage new
producers.

(e) The [REDACTED] will keep the [REDACTED]
